

COVID 19 POLICY UPDATE

Effective September 1st 2021, the Italian Cultural Center will require **proof of COVID-19 vaccination or a negative test, within 72 hours of the event, and masking at any class or in-person event held at our new Traffic Zone building location.**

The vaccination card must show a regimen completed at least 14 days prior to the date of the class or event the participant plans to attend.

Proof of vaccination should be sent to info@theitalianculturalcenter.org at time of registration or provided upon entry to the event. Participants who do not meet the above requirements cannot participate in our in-person classes and events; however, they are welcome to sign-up for our online programs.

The vaccination policy also applies to the ICC administrative staff, instructors and Board members.

The ICC is committed to follow CDC guidelines, and we will adjust our plans based on the recommendations that health officials provide along the way.

Thank you for your collaboration.
